

## Gekartex Orange

- 100% Rayon
- Orange Apertured Non Woven Material

Gekartex Orange cleaning cloth is a special structured textile type wiper. Its composed of fine rayon fibers , highly absorbing free of silicone content. It is low lint and is a one way disposable wiper. Its structure is particularly suitable to wipe sealant PVC compounds and liquids

## Physical characteristics

| Tests                    | Orientation | Units             | Targets | Methods   |
|--------------------------|-------------|-------------------|---------|-----------|
| Basis Weight             |             | g/M <sup>2</sup>  | 52      | ISO9073.1 |
| Basis Weight Impregnated |             | g/M <sup>2</sup>  | 65      | ISO9073.1 |
| Thickness                |             | mm                | 0.65    | ISO9073.2 |
| Density                  |             | g/dm <sup>3</sup> | 123     |           |
| Tensile Strength         | MD          | daN               | 7       | ISO9073.3 |
| Tensile Strength         | CD          | daN               | 2.1     | ISO9073.3 |
| Elongation at break      | MD          | %                 | 37      | ISO9073.3 |
| Elongation at break      | CD          | %                 | 87      | ISO9073.3 |

## Functions

| Tests               | Units | Targets | Methods         |
|---------------------|-------|---------|-----------------|
| Absorption capacity | %     | 800     | Edana 10.2.96/2 |
