

Novotex H White

- This robust industrial wiping cloth is made out of 100% Polyester fibers
- It is 100% silicone free and treated after knitting process
- The product is 100% lintfree thanks to its heat cut edges.
- It is particularly suited to adsorb PVC sealant within the automotive industry

Rawmaterial properties

Tests	Orientation	Units	Targets	Methods
Base Weight		g/M ²	180	ERT 40.3-90
Thickness		mm	0.83	ERT 30.4-89
Virgin fiber content		%	100	
Recycling material content		%	0	
Bleaching method	Environmentally friendly oxygen bleaching			
Tear Resistance	MD	N/m		ASTM 1117
Elongation at break	MD	%		ASTM 1117

Finished product properties

Description	Data
Packing unit	Plastic bags
Sheets/pack	2 x 250
Sheet sizes in cm	30x35 / 40x40 / 30x70
Gross weight/case in Kg+/-5%	10 / 15 / 20
Water absorption	0 g/m ²
Absorption speed	n.a sec

Use

This zero lint polyester knitted wiper is especially designed for surface treatment within the transport segment. The cleaning tasks are specifically oriented to take away excess high viscose or fluid wax left over sealant (PVC) from car or other vehicles.
